The Wayne HealthCare program received a commendation from the Commission in all eight of these standards in 2010. Since then, the standards have been revised and were released this year. The Commendation rating (1+) is valid for eight (22 percent) of the standards, as follows:

**Standard 2.11**
Each year, the cancer committee or other appropriate leadership body analyzes patient outcomes and disseminates the results of the analysis.

**Standard 3.3**
For each year between surveys, 90 percent of cases are abstracted within six months of the date of first contact.

**Standard 3.7**
Annually, cases submitted to the National Cancer Data Base (NCDB) that were diagnosed in 2003 or more recently meet the established quality criteria and resubmission deadline specified in the annual Call for Data.

**Standard 4.6**
The guidelines for patient management and treatment currently required by the CoC are followed.

**Standard 5.2**
As appropriate to category, the required percentage of cases is accrued to cancer-related clinical trials on an annual basis.

**Standard 6.2**
Each year, two prevention or early detection programs are provided on-site or are coordinated with other facilities or local agencies.

**Standard 7.2**
Other than cancer conferences, all members of the cancer registry staff participate in a local, state, regional, or national cancer-related educational activity each year.

**Standard 8.2**
Annually, the cancer committee, or other appropriate leadership body, implements two improvements that directly affect cancer patient care. The improvements are documented.
